RE: Request For Generator Status Change  
E. I. Dupont De Nemours & Co.,  
Athens, GADO65340838

Dear Mr. Finney:

This will acknowledge receipt of your request for a change in status from that of Hazardous Waste Generator to Small Quantity Generator.

Based on the information provided, the change is warranted and your notification has been placed in our inactive files and your EPA Identification Number retained. Should you generate a regulated volume of hazardous waste during any calendar month in the future, you must submit an Annual Report as required of all hazardous waste generators. Annually, this Division mails an Annual Report form to each notifier in Georgia having a valid EPA Identification Number. Please be advised that failure to submit an Annual Report when required is a violation of Section 391-3-11-.08 of Georgias' Rules for Hazardous Waste Management and may result in the imposition of civil penalties.

If further clarification is needed on this matter, please feel free to contact Mr. George Morris at 404/656-7802.

Sincerely,

John D. Taylor, Jr.
